

Medical Studies Indicate  
most people suffer

a 68%

hearing loss when naked.

Get the most out of your  
visit to the doctor.

Educate yourself. Seek trustworthy  
information about hepatitis and  
how it may affect you.

Be up-front. Tell your doctor everything,  
or they might miss something important.

You have to ask in order to receive. If you  
want answers, you have to ask questions.
