I'm a close contact of someone who has tested positive for COVID-19. Now what?

This timeline is for everyone, even if you are vaccinated.

Day 0	Day 6	Day 8	Day 10
The Day You Were Exposed	**Take a COVID Test at Home**	**Take a COVID Test at Home**	**Take a COVID Test at Home**
Wear a mask or respirator (like a N95) for **10 days**.	**If you test negative** and you don't have symptoms, test again 48 hours later. Continue to wear your mask. **If you test positive,** isolate immediately! You have COVID.	**If you test negative** and you don't have symptoms, test again 48 hours later. Continue to wear your mask. **If you test positive,** isolate immediately! You have COVID.	**If you test negative** and you don't have symptoms, you don't need to test again. **If you test positive,** isolate immediately! You have COVID.
