YEAR IN REVIEW

Migrant Clinicians Network

A force for health justice for the mobile poor

2015

TECHNICAL ASSISTANCE

MCN's expert clinical team provides both on-site and distance technical assistance. Services range from quality and performance improvement to cultural competency to continuity of care.

In 2015, we provided 31,197 technical assistance encounters and additionally 267 health center site visits.

Our Institutional Review Board celebrated its 15th year of service.

HEALTH NETWORK

MCN's Health Network assures continuity of care and treatment completion by providing comprehensive case management, medical records transfer, and follow-up services for mobile patients.

To date, we have worked with patients from 111 engaged partner countries.

This year, we had 46% increased communication with Health Centers and additionally 33% increased need and usage by Health Departments.

IN THE NEWS

MCN brought critical issues affecting migrant and other underserved populations to the national conversation in newspapers across the country and through online media outlets. Our articles and op-eds pushed for immigrant health needs, stronger worker protections, increased pesticide regulation, health care for all immigrants, and more.

Case Reviews
Health Network implemented Case Reviews with enrolling clinics. During these meetings, clinicians have in-depth discussions regarding the care management for individual patients.

Cohort Management
Health Network participated in a cohort management pilot, which demonstrated that migration does not limit participation of subjects in critical research.
