**MODULE 2**

**WORKING SAFELY IN THE PARLOR**

**Introduction:**
The purpose of the lesson is to begin to learn English skills that will be useful at work and to understand the hazards of working in the milking parlor. This lesson will build upon the language skills and content workers learned during the last lesson.

**Language Objectives:**
» Workers will identify common **adjectives and antonyms** in English in the dairy workplace
» Workers will be able to **use English to identify hazards** in the milking parlor

**Safety Content Objectives:**
» Workers will **identify common hazards** in the milking parlor
» Workers will give examples of **safe practices** when working in and around the milking parlor

LESSON PROCEDURE

Welcome / Review Objectives

*Welcome* workers to the lesson. *Ensure* all workers sign-in on the sign-in sheet. *Encourage* workers to use as much English as possible during the lesson, but reassure workers that using Spanish when needed is okay.

*Review* Safety Content and Language Objectives with participants.

*Ask* workers to help set a few ground rules for the lesson to create a welcoming environment for all learners.

*Write* the ‘Ground Rules’ on the whiteboard. Suggestions include:

- Respect each others’ responses or comments
- Turn off cell phones during the lesson
- Do not copy the answers of others. Your responses are valuable to us. Your answers will not affect your job or pay.

Pre Assessment

*Distribute* the assessment to each worker.

*Ask* workers to select the image(s) that best fits each statement.

*Demonstrate* to workers to select one image from the corresponding rows.

*Read* the following statements in English.

*Repeat* each statement several times. Give workers at least 30 seconds to respond to each item.

1. Circle the image that shows something to protect you in the milking parlor.
2. Circle all of the images of hazards in the milking parlor.
3. Circle the images of what can protect you from chemicals in the milking parlor.

Warm Up / Review

This warm-up activity will review some of the concepts from the previous lesson. Personal Protective Equipment (PPE) is needed for this activity.

*Show* workers each type of PPE (i.e.- gloves, safety goggles, long sleeves, ear plugs, etc.), one at a time.

*Ask* workers to use English to identify each type of PPE.

*Say* the type of PPE depicted in English and ask workers to repeat it with you.
Skill Building Activity: Vocabulary

This is a vocabulary building activity for common antonyms that will be useful in the workplace.

Write each set of antonyms on the whiteboard as you complete this activity.
Provide participants with a simple definition of antonyms. Use Spanish as needed to clarify the definition.

Say each word in English and ask participants to listen.
Ask participants to repeat back each word. Repeat this call-and-response-style exercise several times for each word, as needed.
Provide examples for each set of words (see Example 1).
Ask participants to try to think of examples of the antonyms provided or even examples of additional antonyms. (Suggest examples like Yes/ No; Up/ Down; Left/ Right)

Give examples of antonyms in English and/or Spanish.
Convey to workers that antonyms are very helpful in workplace communication.
Write each set of the following antonyms on the whiteboard, one at a time. Use a different color marker for each antonym.

Example 1

Wet/Dry - The floors are wet; My shirt is dry
Clean/Dirty - The parlor is clean; The stalls are dirty
Old/New - The tractor is old; These cows are new
Hot/Cold - It is hot inside the barn; Keep the medicine cold
Open/Closed - The gate is open; The door is closed
Fast/Slow - He works fast; I drive the skid steer slow
Large/Small - Cows are large; calves are small
Sick/Healthy - José is sick today; This cow is healthy
Safe/Hazard - Wearing a seatbelt is safe; Wet floors are a hazard

Skill Building Activity: Vocabulary

Distribute the Milking Parlor Illustration to all participants.
Review each vocabulary word listed on the Milking Parlor Illustration with participants.
Write each word on the whiteboard.
Say each word and ask students to listen. Provide a simple definition in English and Spanish.
Ask participants to repeat back each word. Do this call-and-response-style exercise several times for each word as needed.
Ask participants to identify each word in the Milking Parlor Illustration.

Antonyms are words that have the opposite meaning to the meaning of another word.
SAFETY - How to Work Safely in the Parlor

Many workers spend long hours working in the parlor. While in the parlor, workers must move fast, yet stay calm. The milking parlor may seem like a safe work area, though there are many potential hazards that can cause injury.

Write the word “hazard” on the whiteboard and ask workers to provide a definition of a Hazard. (Spanish is okay.) Discuss the meaning of a hazard with workers. Say the definition of a hazard:

\[
\text{A hazard is anything in the workplace that can cause injury, illness or death.}
\]

Ask participants to provide examples of hazards in the milking parlor and other areas of the farm. Encourage the use of English, though responses in Spanish are ok (see Example 2). Instruct workers to use the Milking Parlor Illustration to help identify additional hazards in the parlor. List hazards in the milking parlor based on workers responses and the illustration. Explain why each example is hazardous to workers. (Use simple English, but clarify in Spanish, as needed)

Ask participants to work in pairs to brainstorm ways to prevent injuries from the hazards outlined in Example 2. Assign one to two hazards to each pair of workers. Give workers one to two minutes to discuss their responses. Encourage workers to use the illustration to identify ways to prevent injuries. Ask workers to share their responses. Write workers’ responses on the whiteboard (See examples of responses in Example 3).

**Wrap Up**

*Review* with participants the **hazards** identified above, using the Milking Parlor Illustration to help demonstrate. *Encourage* workers to use English to form their own sentences.

---

**Post Assessment**

*Distribute* the assessment to each worker.

*Ask* workers to select the image(s) that best fits each statement.

*Demonstrate* to workers to select one image from the corresponding rows.

*Read* the following statements in English. Repeat each statement several times. Give workers at least 30 seconds to respond to each item.

1. Circle the image that shows something to protect you in the milking parlor.
2. Circle all of the images of hazards in the milking parlor.
3. Circle the images of what can protect you from chemicals in the milking parlor.

---

**Evaluation**

*Ensure* each participant completes a level one evaluation.

*Read* each evaluation item to participants and ask them to circle ‘*Yes*’ or ‘*No*’.
